

Special Issue

Latest Advances in Active Materials for Food Packaging and Their Application

Message from the Guest Editors

It is our pleasure to invite you to contribute to our upcoming Special Issue entitled "Latest Advances in Active Materials for Food Packaging and Their Application", which will elucidate the dynamic development of food packaging and its integration with active materials for enhanced preservation and safety. This Special Issue aims to showcase innovative research that combines material science, chemistry, and engineering to create packaging solutions that extend shelf life, minimize spoilage, and safeguard food quality. By fostering collaboration between academia and industry, we aspire to catalyze advancements that bolster food quality, extend shelf life, and address crucial sustainability challenges. In this Special Issue, original research articles and reviews are welcome. We look forward to receiving your contributions. Your research will not only enrich our understanding of active materials in food packaging, but also drive innovation towards safer, more efficient, and eco-friendly food preservation methods.

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
