

Special Issue

Advances in Novel Foods, Gut Microbiota, and Human Health

Message from the Guest Editors

We kindly invite you to submit your contributions to the Special Issue entitled “Advances in Novel Foods, Gut Microbiota, and Human Health”. This Special Issue aims to cover the most recent advances in the new trends of eating habits and behaviors and to assess and discuss the impact on human gut microbiota and human health and wellbeing. Thus, the development of new ingredients, new foods or new nutraceuticals or new delivery systems (e.g., hydrogels, nanoparticles and microparticles), or its application in a variety of food and nutraceutical-related industries are welcome. Topics concerning the bioaccessibility and bioavailability of new ingredients or new foods, assessment of impact on human gut microbiota, and research on the gut–brain axis and inflammatory axis are also welcome. Up-to-date original research and reviews on these topics are welcome; we look forward to receiving your interesting work.

Guest Editors

Dr. Débora A. Campos

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
