

Special Issue

The 5th International Symposium on Processing of Food, Vegetables and Fruits 2023

Message from the Guest Editors

Food and beverage companies are looking for new and emerging technology, new approaches, and sustainable processes that align with business values. This is a conference Special Issue for “The 5th International Symposium on Processing of Food, Vegetables and Fruits 2023” organised by University of Nottingham Malaysia Campus. It will be held at Kuala Lumpur, Malaysia on the 22nd and 23rd June 2023 to connect academicians, researchers, postgraduate students, and potential industry players from food related disciplines. We also welcome other scholars to submit their original research and review articles related to the Special Issue theme “Innovative Food Technology”. Topics suitable for this Special Issue are food processing, food security, food engineering, food ingredients, product development, halal food, food properties, product quality and analyses, functional food, food chemistry, food biotechnology, food waste recovery and treatment, nutrition and health, packaging and storage, food microbiology, food safety, drying of food waste, valorisation of food waste, 3D printing of food, and other related topics are welcomed.

Guest Editors

Dr. Chien Hwa Chong

Department of Chemical and Environmental Engineering, The University of Nottingham Malaysia Campus, Semenyih, Malaysia

Dr. Teng-Jin Khoo

School of Pharmacy, Faculty of Science and Engineering, University of Nottingham Malaysia, Jalan Broga, Semenyih 43500, Malaysia

Deadline for manuscript submissions

closed (31 October 2023)

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
