Special Issue

Research and Development in Dairy Products

Message from the Guest Editors

This Special Issue aims to consider recent developments concerning the science and technology of milk and dairy products, with an impact on product development considering the most current drivers within the dairy sector. This Special Issue has a broad range of topics, and we welcome you to contribute submissions (including original research and current review articles) addressing milk or milk product composition and the effects of genetic factors as well as technology on the nutritional/functional properties of dairy products, energy consumption and sustainability. We are also interested in papers investigating new milk sources, the development of new products with nutritional added-value products and consumers acceptance. Further, we welcome recent developments in the detection of bioactive compounds naturally present in traditional products (mainly traditional cheeses) as natural elements contributing nutritional value.

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, Foods has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

- 1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
