

## Special Issue

# Bioactive Compounds, Antioxidants, and Health Benefits—Volume II

### Message from the Guest Editors

Volume I

([https://www.mdpi.com/journal/foods/special\\_issues/Food\\_Bioactives](https://www.mdpi.com/journal/foods/special_issues/Food_Bioactives)) of this Special Issue was incredibly successful. In this regard, a new volume of the Special Issue “Bioactive Compounds, Antioxidants, and Health Benefits” of Foods is being released, potential topics include, but are not limited to, the following: Food bioactive compounds with potent antioxidant activity involved in disease prevention.

Phytochemicals present in food with anti-obesity activity.

Bioactive compounds from food matrices with anti-diabetic potential.

Enriched bioactive foods with anti-inflammatory effect.

Food bioactives with anticancer activity.

Food constituents with microbiota modulation activity.

This Special Issue will include a selection of recent research and current review articles about bioactive compounds present in foods and plants with disease prevention attributes. This Special Issue is particularly focused on articles describing the presence of bioactive compounds from different food sources, their analysis, bioactive properties, and mechanisms of action regarding disease prevention.

## About the Journal

### Message from the Editor-in-Chief

*Foods* (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

---

### Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

#### Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
