

Special Issue

Wine Composition and Quality Analysis

Message from the Guest Editors

This Special Issue will focus on all aspects of wine composition and quality analysis, from grape berries, to winemaking, maturation and packaging, as well as the relationships between wine composition, sensory properties, and quality. We encourage submissions that explore the composition and quality of grapes and wine, particularly contributions concerning grape and wine appearance, aroma, flavor, off-flavor and stability, or other sensory attributes which influence wine quality. Papers that focus on the development and application of new analytical methods for determination of wine composition and quality are also encouraged. We invite submissions of original research and review articles that explore contemporary issues in grape and wine chemistry for inclusion in this Special Issue.

Guest Editors

Prof. Dr. Kerry Wilkinson

School of Agriculture, Food and Wine, The University of Adelaide, PMB 1, Glen Osmond, SA 5064, Australia

Dr. Julie Culbert

The Australian Wine Research Institute, Urrbrae, SA Australia

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
