

Special Issue

Food Proteins and Bioactive Peptides

Message from the Guest Editor

This Special Issue will look at the advances made in the extraction and synthesis of bioactive peptides from different food protein sources, in addition to increased and novel uses of these peptides in functional foods and pharmaceuticals for the prevention of diseases associated with metabolic syndrome including diabetes, heart health, obesity and inflammation.

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.
