forests

Dear Colleagues,

On behalf of the Section Editor-in-Chief, Prof. Dr. Timothy A. Martin and in recognition of our reviewers' outstanding contributions to *Forests*, we are pleased to announce an award for reviewers who have demonstrated excellent dedication, professionalism, and timeliness in their work.

Although anonymous peer-review is one of the cornerstones of publishing high-quality, comprehensive manuscripts devoted to the advancement of science and engineering research, it is also often one of the most underappreciated. The *Forests* Editorial Team is extremely grateful to reviewers for the time, energy, and dedication that they freely provide to support their peers.

2022 OUTSTANDING REVIEWER
AWARD

Who is eligible for this award?
All of the reviewers for *Forests* in 2022 will be automatically included.

What will the winners receive?
There will be four awardees this year.
Each of the winners will receive the following:
– CHF 500;
– A certificate;
– An opportunity to publish a paper free of charge in 2023.

When will the winners be announced?
The winners will be announced in February 2023 on the journal website.

How can I meet the eligibility criteria?
If you have not yet reviewed papers for the journal, but would like to do so, you can register as a reviewer at:
https://susy.mdpi.com/volunteer/profile/edit.

The winners will be announced on 28 February 2023 on the journal's website.
