closed (31 October 2023)

Message from the Guest Editor

This Special Issue, “Molecular Markers in Forest Management and Tree Breeding”, refers to the use of genetic techniques, specifically the use of molecular markers, to improve the management and breeding of forest tree populations. This Issue aims to identify specific genetic traits that are associated with important characteristics, such as disease resistance, growth rate, and wood quality, as well as the use of marker-assisted selection to improve the efficiency of tree breeding programs. This Special Issue will likely include articles discussing the latest research and advances in this field, as well as case studies and practical applications of molecular markers in forest management and tree breeding.

Editors-in-Chief

Prof. Dr. Cate Macinnis-Ng

Department of Biological Sciences, Faculty of Science, University of Auckland, Private Bag 92019, Auckland 1142, New Zealand

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank: JCR - Q1 (*Forestry*) / CiteScore - Q1 (*Forestry*)
