Message from the Guest Editors

Dear Colleagues,

This Special Issue will deal with various aspects of forestry and wood processing. In particular, in the field of forestry, the Special Issue invites research on woody biomass applications, the main products and byproducts of forests, log exploitation, the primary processing of round wood, and the quality of exploited wood. Regarding the wood processing part, this Special Issue will receive works on cutting round wood from timber and veneers; wood processing to create furniture, parquet, doors and windows; wood biomass including briquettes and pellets; the thermochemical treatment of wood; antique wood; finishing processes; the restoration of cultural heritage objects; and wood-based composites.

Potential topics include but are not limited to the following:

- Forest byproducts;
- Primary log processing;
- Timber and veneer technologies;
- Furniture, parquet, and door technologies;
- Briquettes and pellets;
- Wood finishing and coatings;
- Wood restoration, preservation, and conservation;
- Thermochemical treatments of wood;
- Wood composites;
- Wooden cultural heritage objects;
- Antique wood.

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank: JCR - Q1 (Forestry) / CiteScore - Q1 (Forestry)
