

Special Issue

Factors Influencing Forest Soil Erosion and Protection

Message from the Guest Editor

This Special Issue aims to provide contributions to advances in knowledge of the factors influencing forest soil erosion and protection to maintain forests' productivity and environmental sustainability. Potential topics include, but are not limited to: Soil tillage and management on the erosion processes and forests growth and productivity; Soil and water quality in forest systems; Soil tillage and harvesting operations on the soil erosion processes and forests growth and productivity; Land use, management, and change of land use on nutrients, soil and water losses and forests growth and productivity; Hydrological cycle components and erosion processes on slope and watershed scales; Climate change on hydrology and erosion processes on forests systems.

Guest Editor

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia,
I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
