

## Special Issue

# Multiple-Use and Ecosystem Services of Forests—2nd Edition

### Message from the Guest Editors

We encourage contributions of research endeavors that involve the development of models, methods, processes, and decision support tools to address the inventory, planning, modeling, mapping, governance, certification, and marketing of ecosystem services for this Special Issue. Such an initiative will also enrich the ecosystem service knowledge base and strengthen research strategies in order to support a full encapsulation of multiple ecosystem services.

## About the Journal

### Message from the Editor-in-Chief

*Forests* (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.
