

Special Issue

Impact of Environmental and Trade Regulations on Forest Supply Chains

Message from the Guest Editors

This Special Issue aims to present a comprehensive overview of recent advancements and emerging trends in sustainable forest wood supply chains. It seeks to explore innovative approaches in forest management, harvesting techniques, supply chain optimization, and policy frameworks aimed at promoting sustainability.

Potential topics include but are not limited to the following:

- Routing and scheduling of logging trucks;
- Timber logistics network design including reverse or integrated flows;
- Remanufacturing, recycling, refurbishing and reusing of wooden forest products;
- Sustainability in forest logistics and supply chain management;
- Wood waste management;
- Cost-sharing mechanisms for forest wood supply chain;
- Life cycle assessment of forest supply chains;
- Socio-economic impacts of forest supply chain management;
- Impact of environmental regulations on forest supply chains;
- Sustainable forest management practices;
- Other related topics.

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia,
I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
