

## Special Issue

# EcoResource: Sustainable Materials and Waste Management in Wood and Non-wood Resources

### Message from the Guest Editors

EcoResource is a Special Issue journal dedicated to advancing knowledge and sustainable practices in wood and non-wood resources management. Our journal provides a platform for researchers, academics, and industry professionals to disseminate and explore innovative research, technologies, and strategies in the following areas: Wood science and engineering: Research covering the science, technology, and engineering of wood, wood components, wood structures, and wood-based composites. This includes studies of wood properties, processing techniques, and structural applications. Fiber resources from non-woody plants: Exploration of natural fiber resources obtained from non-woody plants, such as agricultural residues, suitable for various applications, including composites and textiles. Wood-inhabiting insects and fungi: Studies on wood-damaging insects and fungi, their effects on wood-based materials, and strategies for preservation and mitigation. Wood biomass: Research focused on the sustainable utilization of wood biomass for energy production, biofuels, and other value-added applications.

### Guest Editors

Dr. Irena Bates

Dr. Nikola Španić

Dr. Ivana Plazonić

Dr. Mia Kurek

### Deadline for manuscript submissions

closed (30 July 2025)

## About the Journal

### Message from the Editor-in-Chief

*Forests* (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

#### Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
