

# Special Issue

## Forest Management and Certification Systems

### Message from the Guest Editors

This Special Issue welcomes studies that consider environmental, social, and economic aspects of forest certification and their influences on sustainable forest management. Articles will focus on research addressing the role forest certification plays in the enhancement of forest resources and their contribution to global carbon cycles, maintenance of forest health and vitality, encouragement of productive and protective functions of forests, conservation of biodiversity, socio-economic influences and forest health, and certification perspectives of stakeholder sectors.

## About the Journal

### Message from the Editor-in-Chief

*Forests* (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

#### Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
