Decision Support Approaches in Adaptive Forest Management—Selected Papers from the IUFRO 125th Anniversary Congress

Message from the Guest Editors

Nowadays, Decision Support Systems (DSS) can play a significant role in analysing the needs of adaptation of forest management strategies and can support policy makers in making appropriate decisions. DSS are important to adjust present management to mitigate the impacts of climate change on forests and forest management. At the same time, the influence of adaptive management on ecosystem services and forest multifunctionality is the task of DSS use. We encourage original manuscripts from all fields, yet specifically those involving forest management decision support systems, approaches, and models, in order to promote and advance knowledge about decision-making processes used in adaptive and sustainable forest management planning.

Guest Editors

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia,
I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).
