

Special Issue

Forest Operations, Engineering and Management

Message from the Guest Editor

As one of the many instances of human activity, forest operations shape the environment and affect the lives of people, for better or for worse. Efficiently managed forest operations offer the highest benefit and the lowest cost, in all fields: financial, social and environmental. Increasing the efficiency of forest operations is the main goal of forest engineering, which represents a special sector of interest within the field of forestry, while maintaining a cross-disciplinary character. Forest engineering often deals with practical issues that have a strong economic impact, concentrated within a relatively short time span. For this reason, the industry has always had a strong interest in forest engineering, which explains the close connection between scientists and economic operators.

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia,
I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.3 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2026).
