Selected Contributions from WSE2019–The 15th Annual Meeting of the Northern European Network for Wood Science and Engineering

Message from the Guest Editors

This Special Issue includes selected contributions from the 15th Annual Meeting of the Northern European Network for Wood Science and Engineering–WSE2019, which was held in Lund, Sweden, 9–10 October 2019. The network had its first annual meeting in 2005, and the purpose of the network is to promote collaboration between Northern European researchers within wood science and engineering. Young researchers are especially encouraged to participate in the meetings and present their work. The conference covers the topics: wood physics and mechanics, wood protection and modification, durability, wood engineering, engineered wood products and composites, and application of wood-based materials.

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.
