

Special Issue

Agroforestry Soil Fertility Monitoring and Management

Message from the Guest Editors

Agroforestry systems are integrated combinations of trees, shrubs, agricultural crops and/or animals in the same area, simultaneously or sequentially, that seek to optimize the aggregation of socioeconomic, cultural and environmental values. These arrangements have potential for the sustainable development and use of natural resources. In this complex system, the soil and plant compartments are interconnected, so soil monitoring and management in Agroforestry is a condition for knowledge of soil health and, consequently, a strategy for maintaining carbon stocks and reducing greenhouse gas emissions. This Special Issue aims to compile works on the theme “Agroforestry Soil Fertility Monitoring and Management” that contribute to global science.

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia,
I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).
