Special Issue

Eucalyptus and Pine Nutritional Diagnosis and Fertilizer Prescriptions

Message from the Guest Editor

Fertilizer use in eucalyptus and pine plantations has trends, which are similar to some agricultural production systems, mainly in tropical and subtropical areas. The knowledge base for the nutritional diagnosis and the development of fertilizer prescriptions that optimize production are relevant questions that drive research in several countries regarding tree species. However, there is a lack of information about ecophysiological answers and their relationship with fertilizer prescriptions. This Special Issue focuses on research results and methods for nutritional diagnosis and fertilizer prescriptions and their effects on ecophysiological properties in Eucalyptus and Pine plantations.

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa
Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

Author Benefits

High Visibility:
indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:
JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
