Challenges and Future Prospects for the Integrated Management of Central Eastern Europe Forest Resources

Message from the Guest Editors

The integrated management of forest resources has become a critical strategic action considering the multiple roles that forests play in climate change mitigation and adaptation policies, nature conservation, bio-economy, and renewable energy strategies. The newly released European Union (EU) Forest strategy (2021) recognises forests' central and multifunctional role in the European Green Deal. Forests could significantly support a sustainable and climate-neutral economy while ensuring that natural ecosystems are restored, resilient, and adequately protected. This Special Issue brings together some of the contributions presented at the 5th Edition of the Integrated Management of Environmental Resources Conference Suceava—Romania (29 October 2021). In addition, other research papers presenting new approaches used in the integrated management of forest resources are highly welcomed.

About the Journal

Message from the Editor-in-Chief

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editor-in-Chief

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia,
I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q2 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the first half of 2025).
