

## Special Issue

# Advances in Fundamental Physics

### Message from the Guest Editor

This Special Issue celebrates the opening of a new section of the journal *Foundations: Physical Sciences*. We invite theoretical and experimental studies related to all areas of fundamental physics. We welcome reviews and regular research papers without imposing any restrictions on the length of the paper. We also welcome short communications. These are expected to contain a preliminary presentation of interesting, potentially important ideas. **Papers submitted before 1 January 2022 would be published free of charge (if accepted).**

Best,

---

### Guest Editor

Prof. Dr. Eugene Oks

Department of Physics, Auburn University, Auburn, AL 36849-5319, USA

---

### Deadline for manuscript submissions

closed (31 July 2022)

## About the Journal

### Message from the Editor-in-Chief

---

#### Editor-in-Chief

Prof. Dr. Martin Bohner  
Department of Mathematics and Statistics, Missouri University of  
Science and Technology, Rolla, MO 65409, USA

---

#### Author Benefits

##### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 37.3 days after submission; acceptance to publication is undertaken in 4.7 days (median values for papers published in this journal in the first half of 2025).

##### Recognition of Reviewers:

APC discount vouchers, optional signed peer review, and reviewer names published annually in the journal.
