

future internet

Dear Colleagues,

We are pleased to announce the winner of the *Future Internet* 2022 Best Paper Award. All papers published from 1 January 2020 to 31 December 2020 in *Future Internet* were considered for this award. After thorough evaluation of the originality and significance of the papers, as well as their citations and downloads, the winning paper, which was nominated by the Section Editor-in-Chief, Prof. Dr. Symeon Papavassiliou, has been selected.

2022 BEST PAPER AWARD WINNER

Paper Title: **An Updated Survey of Efficient Hardware Architectures for Accelerating Deep Convolutional Neural Networks**

By Maurizio Capra, Beatrice Bussolino, Alberto Marchisio, Muhammad Shafique, Guido Masera and Maurizio Martina

Volume 12, Issue 7, doi:10.3390/fi12070113

The winner (corresponding author) will receive CHF 500 and the chance to publish a paper free of charge in *Future Internet* in 2022.

On behalf of the assessment committee, I would like to congratulate the winner on this accomplishment. We would like to take this opportunity to thank all the nominated research groups of the exceptional paper above for their contributions to *Future Internet*, and the Award Committee for voting and for their assistance with this award.

Section Editor-in-Chief

Prof. Dr. Symeon Papavassiliou, *Future Internet*
