submissions:

closed (20 December 2021)

Message from the Guest Editors

Dear Colleagues,

This Special Issue will consist of selected excellent papers from the 2021 6th International Conference on Cloud Computing and Internet of Things (CCIoT 2021), which will be held in Okinawa, Japan, on 22–24 September 2021. Contributors will be invited to submit and present papers in a wide variety of areas from concepts to applications. Topics of selected papers will include the latest research results and perspectives for future work in the IoT and cloud computing field. Related submissions outside the conference are also very welcome. The authors of papers submitted to CCIOT 2021 (<http://www.cciot.org/>) will be given the opportunity to submit extended versions of their works in this Special Issue, provided they fulfil the specific journal requirements found at <https://www.mdpi.com/journal/futureinternet/instructions>. Topics of interest include but are not limited to:

Internet of Things;

Big data analysis and artificial intelligence and deep learning;

Cloud computing and cloud security and cloud applications.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Future Internet is a fast-growing journal devoted to rapid publications of the latest results in the general areas of computer networking/communications and information systems, with a focus on the Internet of Things, big data and augmented intelligence, smart systems (in terms of technologies, architectures, and applications), network virtualization, edge/fog computing, and cybersecurity. Both theoretical and experimental papers are welcome. Every year, *Future Internet* also features Special Issues dedicated to specific topics within the journal's scope.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, and other databases.

Journal Rank: CiteScore - Q1 (*Computer Networks and Communications*)
