submissions:

**31 May 2019**

### **Message from the Guest Editors**

Dear Colleagues,

This special issue, intends to put together efforts done in both cloud computing and internet of things with the aim of adding value to practical applications for any institutions. In this respect we welcome contributions that are willing to share technologies, policies or heuristic from either a theoretical or a practical point of view.

Future Internet solicits original, high impact research papers on all topics related to the combination of Cloud Computing and Internet of Things – topics of interest include, but are not limited to:

- Cloud Computing
- Internet of Things
- Industry 4.0
- Block-chain for Cloud computing and IoT
- Architectures and Models
- Integration and Collaborations
- Network Protocols, Network Design and Architectures
- Software systems
- Data processing and management
- Context-aware service provisioning
- Security, trust and privacy
- Fault tolerance and reliability
- Performance evaluation and modelling
- Policies, Business models and standard
- Service Level Agreements

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Dino Giuli

Department of Information Engineering (DINFO), University of Florence, Via Santa Marta, 3, 50139 Florence, Italy

## Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Future Internet* (ISSN 1999-5903). *Future Internet* is an international, peer-reviewed, open access journal, which provides an advanced forum for scientific studies related to Internet technologies and the information society.

*Future Internet* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published.

We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** Indexed in **Ei Compendex**, Scopus and the Emerging Sources Citation Index (ESCI - Web of Science), from Vol. 9.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 4.7 days (median values for papers published in this journal in the second half of 2018).
