Key Laboratory of Network and Information Security, Engineering University of Peoples Armed Police, Xi'an 710086, China

Prof. Dr. Baocang Wang

School of Telecommunications Engineering, Xidian University, Xi'an, China

Dr. Massimo Ficco

Department of Engineering, University of Campania Luigi Vanvitelli, Via Roma 29, 81031 Aversa, Italy

Deadline for manuscript submissions:

closed (30 September 2020)

Message from the Guest Editors

The theme of “cyber security” has now become a matter of great interest due to the way cyber security issues have developed in recent years. Thus, it is important to introduce security concepts technology achievements from the international forefront in the field of information security and insights into the latest development trends.

This Special Issue selects excellent papers from the Second International Conference on Frontiers in Cyber Security to be held in Xi'an, China on 15–17 November 2019. Original research articles as well as review articles are also welcome. Potential topics include but are not limited to:

- Applied Cryptography
- Cryptography
- Network Security
- System Security

Editor-in-Chief

Prof. Dr. Gianluigi Ferrari

Department of Engineering and
Architecture, University of Parma,
Parco Area delle Scienze, 181/A,
43124 Parma, Italy

Message from the Editor-in-Chief

Future Internet is a fast-growing journal devoted to rapid publications of the latest results in the general areas of computer networking/communications and information systems, with a focus on the Internet of Things, big data and augmented intelligence, smart systems (in terms of technologies, architectures, and applications), network virtualization, edge/fog computing, and cybersecurity. Both theoretical and experimental papers are welcome. Every year, *Future Internet* also features Special Issues dedicated to specific topics within the journal's scope.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Computer Science, Information Systems*) / CiteScore - Q1 (Computer Networks and Communications)
