

Special Issue

Edge and Fog Computing for the Internet of Things, 2nd Edition

Message from the Guest Editors

This Special Issue seeks either original research contributions or detailed surveys related to edge or fog computing solutions and techniques within the IoT framework, including, but not limited to, the following topics:

- Edge computing techniques for the IoT;
- Fog computing techniques for the IoT;
- IoT network technologies for distributed computing;
- Data transmission protocols for edge and fog computing;
- Edge and fog computing solutions for smart cities;
- Edge and fog computing solutions for smart industries;
- Edge and fog computing solutions for smart healthcare;
- Distributed monitoring solutions relying on edge and fog computing;
- Embedded machine learning techniques;
- Artificial intelligence algorithms on the edge and on the fog.

Guest Editors

Dr. Alessandro Pozzebon

Department of Information Engineering, University of Padova, 35131 Padova, Italy

Dr. Giacomo Peruzzi

About the Journal

Message from the Editor-in-Chief

Future Internet is a fast-growing journal devoted to rapid publications of the latest results in the general areas of computer networking/communications and information systems, with a focus on the Internet of Things, big data and augmented intelligence, smart systems (in terms of technologies, architectures, and applications), network virtualization, edge/fog computing, and cybersecurity. Both theoretical and experimental papers are welcome. Every year, *Future Internet* also features Special Issues dedicated to specific topics within the journal's scope.

Editor-in-Chief

Prof. Dr. Gianluigi Ferrari
Department of Engineering and Architecture, University of Parma,
Parco Area delle Scienze, 181/A, 43124 Parma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /
CiteScore - Q1 (Computer Networks and Communications)
