# Special Issue

## Innovations in Artificial Intelligence and Neural Networks

### Message from the Guest Editors

This special issue establishes a global exchange platform, bringing together researchers, engineers, and policymakers to explore new possibilities for AI and neural networks to lead the cutting-edge development of the Future Internet. We look forward to your submission of groundbreaking achievements to jointly promote the in-depth integration and innovative leapfrogging of intelligent technologies and the Future Internet.

- Evolution of Intelligent Network Architectures
- 6G and Next-Generation Communication Intelligence
- Edge Intelligence and Communication Integration
- Construction of Secure and Trustworthy Systems
- Immersive Interaction and Service Innovation

### Guest Editors

Prof. Dr. Wenli Zhang

Faculty of Information Technology, Beijing University of Technology, Beijing 100124, China

Dr. Zhuwei Wang

Faculty of Information Technology, Beijing University of Technology, Beijing 100124, China

### Deadline for manuscript submissions

20 July 2026

# Future Internet

# About the Journal

### Message from the Editor-in-Chief

*Future Internet* is a fast-growing journal devoted to rapid publications of the latest results in the general areas of computer networking/communications and information systems, with a focus on the Internet of Things, big data and augmented intelligence, smart systems (in terms of technologies, architectures, and applications), network virtualization, edge/fog computing, and cybersecurity. Both theoretical and experimental papers are welcome. Every year, *Future Internet* also features Special Issues dedicated to specific topics within the journal's scope.

### Editor-in-Chief

Prof. Dr. Gianluigi Ferrari
Department of Engineering and Architecture, University of Parma,
Parco Area delle Scienze, 181/A, 43124 Parma, Italy

### Author Benefits

**Open Access:**
free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:**
indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, and other databases.

**Journal Rank:**
JCR - Q2 (Computer Science, Information Systems) / CiteScore - Q1 (Computer Networks and Communications)
