

## Special Issue

# Intelligence Integration in 5G Access Networks and Beyond

### Message from the Guest Editors

This Special Issue aims to share the advances in the research and industrial communities on all aspects covering 5G access network problems and solutions. Potential topics include, but are not limited to, the following:

- Adaptive function split in evolved C-RANs;
- Advanced antenna systems;
- ML-based techniques for 5G resource provisioning;
- SDN and NFV deployments in 5G networks;
- Network slicing design and definition in 5G networks;
- Digital twin technology solutions;
- Non-terrestrial network applications and solutions.

---

### Guest Editors

Prof. Dr. Marco Listanti

Department of Engineering of Information, Electronics and Telecommunications, University of Rome "La Sapienza", 00184 Rome, Italy

Dr. Francesco Giacinto Lavacca

Department of Electronic, Information and Telecommunications Engineering (DIET), University of Roma "La Sapienza", 00184 Roma, Italy

---

### Deadline for manuscript submissions

closed (16 July 2023)

## About the Journal

### Message from the Editor-in-Chief

*Future Internet* is a fast-growing journal devoted to rapid publications of the latest results in the general areas of computer networking/communications and information systems, with a focus on the Internet of Things, big data and augmented intelligence, smart systems (in terms of technologies, architectures, and applications), network virtualization, edge/fog computing, and cybersecurity. Both theoretical and experimental papers are welcome. Every year, *Future Internet* also features Special Issues dedicated to specific topics within the journal's scope.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /  
CiteScore - Q1 (Computer Networks and Communications)
