

Special Issue

Gels Based for Drug Delivery System

Message from the Guest Editors

Novel gels are capable of controlled and sustained release of loaded therapeutic molecules. This Special Issue will cover all the latest research and develop new ideas and research directions. The issue will cover all types of gels with their drug release potentials and applications.

Guest Editors

Prof. Dr. Suresh P. Vyas

Drug Delivery Research Laboratory, Department of Pharmaceutical Sciences, Dr. H. S. Gour University (A Central University), Sagar 470003, MP, India

Prof. Dr. Jean-Michel Guenet

Institut Charles Sadron, UPR 22, CNRS-Université de Strasbourg, 23 rue du Loess, BP 84047, 67034 Strasbourg, France

Deadline for manuscript submissions

closed (30 April 2024)

About the Journal

Message from the Editor-in-Chief

Gels (ISSN 2310-2861) is recently established international, open access journal on physical and chemical gel-based materials. The journal aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. General topics include but not limited to synthesis, characterization and applications of new organogels, hydrogels and ionic gels made either from low molecular weight compounds or polymers, composite and hybrid materials where a metal is by some means incorporated into the gel network, and computational studies of these materials in order to provide a better understanding of gelation mechanism. We cordially invite you to consider publishing with us and contribute with your own grain of sand to the advance in this fascinating field.

Editor-in-Chief

Prof. Dr. Esmail Jabbari

Biomimetic Materials and Tissue Engineering Laboratory, Department of Chemical Engineering, University of South Carolina, Columbia, SC 29208, USA

Author Benefits

High visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 12.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
