Deadline for manuscript
submissions:

15 September 2023

Message from the Guest Editors

Some potential areas of focus may include the following, although other submissions are welcome and encouraged:

- Explorations into the effects of race relations on interpersonal relationships, such as marriage, friendship, employer/employee;
- Research into race relations and identity;
- Examinations of the connections between politics and race relations;
- The connections between the criminal justice system and race relations;
- Investigations into immigrations, assimilation, and race relations;
- Studies tracing the impact of race relations on foreign policy;
- The presentation of the history of race relations to public audiences.

Message from the Editorial Board

Genealogy is a scholarly journal that provides a venue for academic, cutting-edge contributions to the interdisciplinary field of genealogy studies. We welcome contributions that examine genealogies of family lineage, use genealogical considerations and methods in examining other historical processes (including migration histories, personal, social, and national identities, and social institutions) or study the construction of genealogical narratives. The journal is also interested in biographical studies and their contribution to the understanding of broader social and historical phenomena.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), and many other databases.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 30.9 days after submission; acceptance to publication is undertaken in 5.6 days (median values for papers published in this journal in the second half of 2022).
