

Special Issue

Exploring Family Ancestral Histories Through Genetic Genealogy

Message from the Guest Editor

- The purpose of this Special Issue, "Exploring Family Ancestral Histories Through Genetic Genealogy", is to advance the understanding of how genetic genealogy can reconstruct ancestral family histories and address the impacts of historical disconnections. By uniting interdisciplinary research, we aim to bridge gaps in ancestral knowledge for communities whose ties have been severed by historical events, enhance methodological rigor in genetic analyses, illuminate demographic histories and migration patterns, explore the social implications of reconnecting with ancestral lineages, promote ethical research practices, and foster community engagement through participatory approaches. Ultimately, this Special Issue seeks to underscore the transformative power of genetic genealogy as both a scientific tool and a means of personal and communal restoration, contributing to a deeper appreciation of identity, heritage, and the enduring impacts of history on present-day communities.

About the Journal

Message from the Editorial Board

Genealogy is a scholarly journal that provides a venue for academic, cutting-edge contributions to the interdisciplinary field of genealogy studies. We welcome contributions that examine genealogies of family lineage, use genealogical considerations and methods in examining other historical processes (including migration histories, personal, social, and national identities, and social institutions) or study the construction of genealogical narratives. The journal is also interested in biographical studies and their contribution to the understanding of broader social and historical phenomena.

Editors-in-Chief

Dr. Athena Leoussi

Department of Languages and Cultures, University of Reading, Reading
RG6 6EE, UK

Prof. Dr. Natividad Gutiérrez Chong

Institute of Social Research, National Autonomous University of Mexico,
Mexico City 04510, Mexico

Prof. Dr. Joanna Beata Michlic

UCL Institute for Advanced Studies, Centre for Collective Violence,
Holocaust and Genocide Studies, University College London, London
WC1E 6BT, UK

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), and many other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 26.3 days after submission; acceptance to publication is undertaken in 4.7 days (median values for papers published in this journal in the first half of 2025).

Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
