

## Special Issue

# The Impact of Social Connectedness and Cultural Adaptation on Mental Health

### Message from the Guest Editor

- This Special Issue of *Genealogy* will explore how social connectedness and cultural adaptation intersect to shape mental health outcomes. With globalization, migration, and shifting social structures continually reshaping communities, individuals frequently confront challenges in maintaining a sense of belonging while navigating these cultural shifts. We invite contributions that examine the myriad ways people maintain or rebuild a sense of belonging and identity amid cultural transitions. The focus is deliberately broad and interdisciplinary, encompassing personal relationships and community bonds, traditions and adaptations, as well as resilience and vulnerability. Our goal is to illuminate how the threads of connection and culture, woven across generations, influence mental wellness.

### Guest Editor

Dr. Marija Bogic

Institute for Research and Education to Advance Community Health (IREACH), Elson S. Floyd College of Medicine, Washington State University, Seattle, WA 98101, USA

### Deadline for manuscript submissions

closed (30 November 2025)

## About the Journal

### Message from the Editorial Board

*Genealogy* is a scholarly journal that provides a venue for academic, cutting-edge contributions to the interdisciplinary field of genealogy studies. We welcome contributions that examine genealogies of family lineage, use genealogical considerations and methods in examining other historical processes (including migration histories, personal, social, and national identities, and social institutions) or study the construction of genealogical narratives. The journal is also interested in biographical studies and their contribution to the understanding of broader social and historical phenomena.

### Author Benefits

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), and many other databases.

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 25.1 days after submission; acceptance to publication is undertaken in 4.9 days (median values for papers published in this journal in the second half of 2025).

#### Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
