

## Special Issue

# Across Bodies and Roles: Indigenous Identity, Gender, Sexuality, and Resistance to Colonial Power

### Message from the Guest Editors

This Special Issue invites contributions that critically examine the intersections of Indigenous identity, gender, sexuality, and colonial power. We welcome work that explores how colonial systems have shaped and policed Indigenous bodies, relationships, and roles, while also highlighting the diverse ways Indigenous peoples resist, reimagine, and reclaim agency and autonomy. Topics may include gender-based violence, sexual and gender diversity, heterosexuality, intimacy, kinship, embodiment, reproductive justice, consent, cultural expression, media and digital media, and the impacts of law and policy. We encourage submissions that engage with both historical and contemporary experiences, and that consider how Indigenous agency is expressed through cultural practices, relational ethics, and everyday acts of survival and resistance. Contributions may draw from community-based research, creative practice, or interdisciplinary scholarship, and should centre Indigenous voices and perspectives. Together, these works will unsettle colonial narratives and affirm the complexity, strength, and sovereignty of Indigenous lives across gendered and sexual terrains.

## About the Journal

### Message from the Editorial Board

*Genealogy* is a scholarly journal that provides a venue for academic, cutting-edge contributions to the interdisciplinary field of genealogy studies. We welcome contributions that examine genealogies of family lineage, use genealogical considerations and methods in examining other historical processes (including migration histories, personal, social, and national identities, and social institutions) or study the construction of genealogical narratives. The journal is also interested in biographical studies and their contribution to the understanding of broader social and historical phenomena.
