Technology, Temple University,  
Philadelphia, PA, USA

Deadline for manuscript  
submissions:

**closed (25 December 2024)**

### Message from the Guest Editor

Dear Colleagues,

This Special Issue, entitled “*Feature Papers in Human Genomics and Genetic Diseases 2024*”, aims to collect high-quality review articles or research articles on all aspects of human health and disease, as well as the diagnosis, treatment, and prognosis of genetic disorders, and heritable or acquired cancers. It is dedicated to recent advances in the research area of genomics and genetics and comprises a selection of exclusive papers from the Editorial Board Members (EBMs) of the Human Genomics and Genetic Section, as well as invited papers from relevant experts. We also welcome senior experts in the field to contribute to this Special Issue. We aim to represent our Section as an attractive open access publishing platform for genomics and genetic research.

Prof. Dr. Mariarosana Anna Beatrice Melone

## Editor-in-Chief

### **Prof. Dr. Selvarangan Ponnazhagan**

Department of Pathology, The  
University of Alabama at  
Birmingham, 1825 University  
Blvd, SHEL 814, Birmingham, AL  
35294-2182, USA

## Message from the Editor-in-Chief

*Genes* is central to our understanding of biology, and modern advances such as genomics and genome editing have maintained genetics as a vibrant, diverse and fast-moving field. There is a need for good quality, open access journals in this area, and the *Genes* team aims to provide expert manuscript handling, serious peer review, and rapid publication across the whole discipline of genetics. Starting in 2010, the journal is now well established and recognised. Why not consider *Genes* for your next genetics paper?

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

**Journal Rank:** JCR - Q2 (Genetics and Heredity) / CiteScore - Q2 (Genetics (clinical))
