

an Open Access Journal by MDPI

Selected Papers from the 11th International Conference on Bioinformatics and Biomedical Science (ICBBS 2022)

Guest Editors:

Prof. Dr. Qingfeng Chen

- 1. School of Computer, Electronic and Information, Guangxi University, Nanning 530004, China
- 2. The State Key Laboratory for Conservation and Utilization of Subtropical Agro-Bioresources, Guangxi University, Nanning 530004, China

Prof. Dr. Y-h. Taguchi

Department of Physics, Chuo University, Tokyo 112-8551, Japan

Deadline for manuscript submissions:

closed (30 November 2022)

Message from the Guest Editors

The 11th International Conference on Bioinformatics and Biomedical Science (ICBBS 2022) will be held on 28–30 October 2022 in Nanning, China, and it will be held in a virtual format simultaneously. The webpage for this event is http://www.icbbs.org/.

ICBBS 2022 is dedicated to bioinformatics and computational biology, as well as biomedical science and engineering. The topics expected to be included are, but are not limited to, microarray data analysis, computational proteomics, protein structure, function and sequence analysis, telemedicine, computer-assisted surgery, and computer-assisted intervention systems. We are looking forward to receiving valuable submissions from you.

Editor-in-Chief

Prof. Dr. Selvarangan Ponnazhagan

Department of Pathology, The University of Alabama at Birmingham, 1825 University Blvd, SHEL 814, Birmingham, AL 35294-2182, USA

Message from the Editor-in-Chief

Genes is central to our understanding of biology, and modern advances such as genomics and genome editing have maintained genetics as a vibrant, diverse and fast-moving field. There is a need for good quality, open access journals in this area, and the *Genes* team aims to provide expert manuscript handling, serious peer review, and rapid publication across the whole discipline of genetics. Starting in 2010, the journal is now well established and recognised. Why not consider *Genes* for your next genetics paper?

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

Journal Rank: JCR - Q2 (Genetics and Heredity) / CiteScore - Q2 (Genetics (clinical))
