

Special Issue

Emerging and Reemerging Viral Pathogens

Message from the Guest Editors

We invite you to contribute your most recent research findings and insights in the form of original research papers, technical advancements, or review articles to this Special Issue of *Genes* entitled “Emerging and Reemerging Viral Pathogens”. In this Special Issue, we aim to provide new genomic data on viral strains circulating worldwide, and to overview the real-time global evolution of viruses.

Guest Editors

Dr. Vagner Fonseca

Department of Exact and Earth Sciences, University of the State of Bahia, Salvador 41150-000, Brazil

Dr. Marta Giovanetti

1. Department of Sciences and Technologies for Sustainable Development and One Health, Università Campus Bio-Medico di Roma, Rome, Italy

2. Oswaldo Cruz Foundation, Belo Horizonte, Brazil

Deadline for manuscript submissions

closed (25 July 2023)

About the Journal

Message from the Editor-in-Chief

Genes is central to our understanding of biology, and modern advances such as genomics and genome editing have maintained genetics as a vibrant, diverse and fast-moving field. There is a need for good quality, open access journals in this area, and the *Genes* team aims to provide expert manuscript handling, serious peer review, and rapid publication across the whole discipline of genetics. Starting in 2010, the journal is now well established and recognised. Why not consider *Genes* for your next genetics paper?

Editor-in-Chief

Prof. Dr. Selvarangan Ponnazhagan
Department of Pathology, The University of Alabama at Birmingham,
1825 University Blvd, SHEL 814, Birmingham, AL 35294-2182, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

Journal Rank:

JCR - Q2 (Genetics and Heredity) / CiteScore - Q2 (Genetics (clinical))
