Feature Papers in Human Genomics and Genetic Diseases 2023

Message from the Guest Editor

This Special Issue entitled “Feature Papers in Human Genomics and Genetic Diseases 2023” aims to collect high-quality review articles or research articles on all aspects of human health and disease, as well as the diagnosis, treatment, and prognosis of genetic disorders, and heritable or acquired cancers. It is dedicated to recent advances in the research area of genomics and genetics and comprises a selection of exclusive papers from the Editorial Board Members (EBMs) of the Human Genomics and Genetic Section, as well as invited papers from relevant experts. We also invite senior experts in the field to contribute to this Special Issue. We aim to represent our Section as an attractive open access publishing platform for genomics and genetic research.

Guest Editor

Prof. Dr. Mariarosa Anna Beatrice Melone

1. Department of Medical and Surgical Advanced Sciences, Second Division of Neurology, Center for Rare Neurological and Neuromuscular Diseases & Inter University Center for Research in Neurosciences, University of Campania Luigi Vanvitelli, Naples, Italy
2. Sbarro Institute for Cancer Research and Molecular Medicine, Department of Biology, Center for Biotechnology, College of Science and Technology, Temple University, Philadelphia, PA, USA

About the Journal

Message from the Editor-in-Chief

Genes is central to our understanding of biology, and modern advances such as genomics and genome editing have maintained genetics as a vibrant, diverse and fast-moving field. There is a need for good quality, open access journals in this area, and the *Genes* team aims to provide expert manuscript handling, serious peer review, and rapid publication across the whole discipline of genetics. Starting in 2010, the journal is now well established and recognised. Why not consider *Genes* for your next genetics paper?

Editor-in-Chief

Prof. Dr. Selvarangan Ponnazhagan
Experimental Cancer Therapeutics, The University of Alabama at
Birmingham, 1825 University Blvd., SHEL 814, Birmingham, AL 35294-
2182, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

Journal Rank:

JCR - Q2 (Genetics and Heredity) / CiteScore - Q2 (Genetics (clinical))
