

Special Issue

Feature Papers in Hydrogeology

Message from the Guest Editor

It is our pleasure to announce that we will be compiling a collection of papers in the journal *Geosciences* to report on recent advancements in hydrogeology. The aim of this Special Issue, entitled “Featured Papers in Hydrogeology”, is to make relevant work known to our colleagues in the field. Authors are invited to submit articles to the Section Hydrogeology of *Geosciences*. Since our collective goal is to advance our knowledge of hydrogeology, articles addressing the multiple aspects of hydrogeology are welcomed.

Guest Editor

Dr. Maurizio Barbieri

About the Journal

Message from the Editor-in-Chief

Understanding the Earth's origin and its bio-geological evolution, the multiple implications of the geosciences (as a coherent set of interconnected disciplines), and the sociocultural and ethical interdisciplinary approaches, will be crucial for a better understanding of Nature, and also for undertaking scientifically based political decisions.

We are committed to drive *Geosciences* to a position in which it is recognized for its high-quality, cutting-edge research and scientific influence, and strongly encourage and invite your participation and manuscripts.

Editor-in-Chief

Prof. Dr. Alberto G. Fairén

1. Centro de Astrobiología, CSIC-INTA, Madrid, Spain
2. Department of Astronomy, Cornell University, Ithaca, NY, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), GeoRef, Astrophysics Data System, and other databases.

Journal Rank:

CiteScore - Q1 (General Earth and Planetary Sciences)
