

Special Issue

Injury Prevention and Trauma Management for Vulnerable Populations

Message from the Guest Editor

The aim of this Special Issue is to gather manuscripts that will contribute to the awareness of the accidents or violence suffered by vulnerable populations, the development of injury research, and the establishment of preventive measures. The guest editor is looking forward to submitting the papers from the fields, such as epidemiology, pediatrics, obstetrics and gynecology, gerontology, traumatology, preventive medicine, public health, forensic medicine, biomechanics, mechanical engineering, health science, and so on. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: epidemiology, pediatrics, obstetrics and gynecology, gerontology, traumatology, preventive medicine, public health, forensic medicine, biomechanics, mechanical engineering, and health science. I look forward to receiving your contributions.
