Role of Physiotherapy in Promoting Physical Activity and Well-Being

Message from the Guest Editor

Physical activity and positive wellbeing are being promoted by physiotherapists as these concepts have a large impact on people's physical and mental health and on both the context of the management of disease/dysfunction and the prevention/maintenance of healthy living. This Special Issue aims to highlight the role of physiotherapy in promoting physical activity and wellbeing. Research areas may include but are not limited to

1. Systematic/scoping reviews or clinical trials on physiotherapy/rehabilitation interventions promoting physical activity and/or well-being
2. Physiotherapy assessment/validation tools for physical activity and/or well-being
3. Cross-cultural outcomes utilized by physiotherapists for evaluating physical activity and/or aspects of wellness
