

Special Issue

Innovations in Primary Care Informatics: Bridging Technology and Patient-Centered Care

Message from the Guest Editor

This Special Issue aims to bring together cutting-edge research and practical insights on the design, implementation, and evaluation of health informatics interventions in primary care settings. In this Special Issue, original research articles and reviews are welcome. Research areas may include, but are not limited to, the following:

- Implementation and evaluation of electronic health records in primary care;
- Clinical decision support systems for general practitioners;
- Artificial Intelligence Applications in Primary Care;
- Machine learning Applications in Primary Care;
- Robotic applications in Primary Care;
- Telemedicine and remote monitoring for primary care patients;
- Data analytics and predictive modelling in population health management;
- Patient engagement, self-management tools, and digital literacy;
- Interoperability and data integration across primary and community care;
- Ethical, legal, and policy considerations in primary care informatics;
- Training, education, and workforce development in digital health.

About the Journal

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista

Louise Herrington School of Nursing, Baylor University, Dallas, TX
75246-1754, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank:

JCR - Q2 (Health Policy and Services) / CiteScore - Q1
(Leadership and Management)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.5 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
