

Special Issue

Innovative Treatments for Post-traumatic Stress Disorder (PTSD)

Message from the Guest Editor

We are pleased to invite you to contribute to this Special Issue, 'Innovative treatments for post-traumatic stress disorder (PTSD)', which welcomes original research articles and reviews that either (i) describe successful prevention strategies and/or early interventions, (ii) promote effective programs to increase resilience to war-related or civilian-related trauma, (iii) describe innovative therapeutic strategies, (iv) evaluate the effectiveness of conventional or innovative psychotherapeutic treatments, or (v) evaluate the effectiveness of pharmacotherapeutic treatments and strategies for PTSD. The goal of this Special Issue is to foster innovation and the more widespread use of evidence-based approaches, and to share insights obtained from field experience, inter-cultural views, and academic knowledge, in order to enhance access to care for PTSD. I look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista

Louise Herrington School of Nursing, Baylor University, Dallas, TX
