

Special Issue

Spirituality in Mental Illness: Exploring Intersections and Influences

Message from the Guest Editor

We are pleased to invite you to submit your manuscripts to a forthcoming Special Issue entitled "Spirituality in Mental Illness: Exploring Intersections and Influences" in our renowned journal. The relationship between spirituality and mental illness has garnered significant scientific interest over recent years. Increasing evidence suggests that spirituality, traditionally viewed as a non-scientific realm, can play a crucial role in the overall wellbeing, resilience, and recovery of individuals with mental illness. This untapped field of study warrants further exploration to deepen our understanding and improve our clinical practice. This Special Issue aims to shed light on the intricate and nuanced connection between spirituality and mental health, by encapsulating diverse perspectives, paradigms, and methodologies within the scope of our journal. We strive to create an interdisciplinary discourse that incorporates spirituality into the contemporary understanding of mental illness, aligning with our journal's commitment to advancing the frontiers of knowledge in mental health.

About the Journal

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista

Sue & Bill Gross School of Nursing, University of California, Irvine, CA
