Advances in Pharmacy Practice and Medication Use among Patients

Message from the Guest Editor

A concept that has recently gained importance in terms of using drugs among patients is broadly understood as pharmaceutical care. It covers such areas as the safety and effectiveness of pharmacotherapy. We are pleased to invite you to submit publications regarding advances in pharmacy practice and drug use among patients. The aim of this Special Issue entitled "Advances in Pharmacy Practice and Medication Use among Patients" is to summarize the latest knowledge in the field of pharmacy, including supplementation and setting new directions for research on the safety of pharmacotherapy. Original research articles and reviews are welcome in this Special Issue. I look forward to receiving your contributions.
