Special Issue

Digital Healthcare Innovation in Medical Imaging: The Past, the Present and the Future

Message from the Guest Editor

We are pleased to invite you to submit high-quality manuscripts on the following topics:

- How medical imaging innovations can improve clinical practice in diagnosis and medical management, including forensic medicine;
- How the use of teleradiology could improve clinical and radiological practice, including its use during the COVID-19 pandemic;
- How the use of radiomics and artificial intelligence in imaging can impact (positively or negatively) clinical practice, including the perspectives of the author/authors;
- The use of imaging as a biomarker with prognostic and predictive indicators.

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: Oncology imaging, forensic medicine, emergency medicine, artificial intelligence, and teleradiology. I look forward to receiving your contributions.
