

Special Issue

Review Research on Healthcare Quality and Patient Safety

Message from the Guest Editor

This Special Issue focuses on crucial themes aligned to improve the quality, safety, timely information exchange, and efficiency of patient care/resident services in healthcare organizations, including senior care facilities. This Special Issue emphasizes the performance improvement initiatives, clinical effectiveness and outcomes, patient and staff safety, employee engagement, organizational effectiveness, strategies to prevent adverse and sentinel events, incident reports, and interprofessional programs for enhancing the quality of care in healthcare facilities. In this Special Issue, reviews are welcome. Research areas may include (but are not limited to) the following:

- Healthcare quality;
- Patient safety;
- Timely information exchange;
- The efficiency of patient care/resident services.

I look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista

Sue & Bill Gross School of Nursing, University of California, Irvine, CA
92697, USA

Author Benefits

High Visibility:
