

Special Issue

Research on Midwifery, Paramedicine and Healthcare Sciences

Message from the Guest Editors

This Special Issue seeks original research and reviews on midwifery, paramedicine and healthcare services leadership and management. The aim of this issue is to share the latest in evidence-informed practice in these disciplines; contribute to the learning and teaching environment; and help inform guidelines, health policy, systems and environments. It is envisioned that academics, leaders, health policy specialists and policymakers will use this Special Issue as a professional resource to further the care of those involved.
