

Special Issue

Reproductive and Sexual Health: Addressing Understudied Areas in Public Health and Primary Care

Message from the Guest Editors

We are delighted to serve as the Editors for this Special Issue, which is titled “Reproductive and Sexual Health: Addressing Understudied Areas in Public Health and Primary Care.” This Special Issue aims to accomplish the following goals:

- Investigate the prevalence, determinants, and consequences of reproductive and/or sexual health issues in diverse populations.
- Explore and evaluate innovative approaches to promoting reproductive and/or sexual health, including prevention strategies, health education programs, and clinical interventions.
- Examine the social, economic, and cultural factors contributing to disparities in reproductive and/or sexual access and outcomes, particularly in vulnerable and marginalized communities.
- Provide evidence-based recommendations for improving reproductive and/or sexual health services, integrating these into primary care, and developing effective public health policies.
- Create a forum for researchers, clinicians, policymakers, and community stakeholders to share knowledge, collaborate on research initiatives, and translate research findings into practice.

Guest Editors

Dr. Harpal S. Randeva

Dr. Chris Kite

Dr. Alexander Dallaway

Dr. Lukasz Lajojda
