

Special Issue

Management and Automation of Health Organizations

Message from the Guest Editors

This Special Issue will publish innovative research related to healthcare management and automation. Review articles that summarize the state of the art and recent advances in these topics are also welcome. Potential topics include but are not limited to the following:

- Technical and IT tools for healthcare management;
- Reduction of healthcare costs and public health expenditure;
- Improving the quality of care;
- Re-engineering of care processes;
- Introduction of novel diagnostic and therapeutic pathways;
- Efficient human and material resource management in the hospital;
- Continuous process improvement;
- Monitoring of healthcare performances and appropriate access to healthcare services.

About the Journal

Message from the Editor-in-Chief

Healthcare is an international, peerreviewed, open access, multidisciplinary journal. Original research articles, short communications, review articles, and symposium highlights are welcomed.

Healthcare hopes to influence global health and disease aspects, and hopes to gain high visibility and acceptance by the scientific and healthcare community and will dedicate itself to covering special and specific topics in special issues.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Lorraine S. Evangelista

Sue & Bill Gross School of Nursing, University of California, Irvine, CA
92697, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank:

JCR - Q2 (Health Policy and Services) / CiteScore - Q1 (Leadership and Management)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 22.4 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2025).
